APPLICATION FOR RECOGNITION OF PRIOR LEARNING
Professional Teacher Education

Student: _____   **Group:** _____

I apply for recognition of prior learning from the following study unit:

Teacher in Multidisciplinary Networks 3 cr
Familiarise yourself with the competence description (interpersonal competence, collaboration and networking competence, working life competence), intended learning outcomes and evaluation criteria of the course in Peppi.

 For this course, you must seek recognition for your interpersonal, collaboration, networking and working life skills. What kind of skills have you acquired in your previous studies, working life or other contexts? A certificate of employment or a certificate of completed education is not sufficient for the recognition of competence; another type of demonstration of competence is needed.

The following supporting documentation is attached to the application:
1.   First, consider what competencies you already have in relation to the learning outcomes of this course (interpersonal competence, collaboration and networking competence, working life competence). Identify the competencies you recognize in yourself and for which you are requesting recognition.

2.   Once you have identified your competencies, express them in writing (**Appendix 1**). Write a competence narrative. Do not simply describe what you have done or experienced, but rather what competencies you have gained from those activities and experiences, and how and on what basis. Why do you have the skills you claim to have?

3.   Attach assessment material (**Appendix 2**) to demonstrate the competencies you have presented. Collect a diverse set of assessment materials (e.g., reports, student feedback, various materials you have produced, videos, etc.) that you can use to evaluate, describe, and demonstrate your competencies in relation to the course learning outcomes and assessment criteria.

Date & signature of the student: _____

ASSESSMENT DECISION (Teacher educator makes the assessment decision)

I approve the application

I reject the application, more details:
_____

Date & signature of Teacher Educator: _____

The application, with the attachments, is addressed to the Teacher Educator responsible for the assessment of the study unit. The Teacher Educator makes the assessment decision, marks the course grade (HYV) into the student registry and delivers the decision to the Student Services.
