Skills exercises

- Emotion skill: kindness/tenderness

Equipment

- Audio recording or accompanying instrument, such as a five-string kantele, rhythm instrument or self-made instrument. The Boogie Boots website contains instructions for instrument making and everyday musical instruments.
- The picture cards can be used to support play: circle and loving.

How to play

1. Verse: Sit in a circle. The players put their toes in the middle of the circle and wiggle them to the beat of the music.
2. Verse: Players tickle their own toes. Players pat themselves on the legs, starting from their ankles and moving up to their thighs. They finish by giving themselves a hug. Players can also hug a friend if it feels nice and is OK for the group.

END SONG OF THE PLAY SESSION

Type: indoor or outdoor play

Age: **3 to 7** years

Players: **as desired**

Duration: **2** minutes

Accompanying and playing a song together

The song can be accompanied by a five-string kantele. Playing is also very well suited to older players.

Two different chords are played on the kantele:

- Boogie chord: Dampen the middle string with your left hand. Use your right hand to strum the other chords.
- Strawberry chord: Dampen strings 2 and 4. Use your right hand to strum the other chords.

The song is played in D-major (start from the longest string to the shortest D-E-F#-G-A).

Adapting a task

Make the task easier

- The players can also move around the circle along with the music. Finally, all of the players can join in a group hug.
