

SFS Online – JAMK Library’s user rights to SFS standards are the most extensive in the Central Finland region, covering all ICS groups as well as some ISO standards.

The screenshot shows the SFS Online website. At the top, there is an orange header with the 'SFS Online' logo on the left and a user profile icon on the right. Below the header, there is a navigation bar with the text 'Standards and other publications by topic' and five tabs: 'SFS', 'ISO', 'IEC', 'Foreign publications', and 'Information services'. The main content area is white and contains a 'Welcome to SFS Online' message for students. It includes instructions on how to use the site and a search box with two tabs: 'Find publications' and 'Search website'. The search box has a text input field and two checkboxes: 'Include withdrawn publications.' and 'Include publications from the webstore'.
