How to ensure functional support services for foreign/international students?

Group work assignment

- What kind of services different kind of foreign/international students need
 - in advance
 - during their studies
 - after their studies
- How these services have been organized
 - Who are responsible for offering and organizing these services?
 - Are these responsibilities clear at your university of applied sciences?
 - Have you created new kind of services or teams for foreign/international students?

How to ensure functional support services for foreign/international students?

Wrap-up of the group works

- 3 minutes per group
- 3 main services and who are responsible for offering and organizing the services

Thank You!
Kiitos!
