Tartumaa Arendusselts

Region's needs:

- to increase entrepreneurial activity;
- to develop and market local products and services;
- to encourage cooperation between undertakings;
- to decrease the migration of young people;
- to promote closer interaction between young people and their communities;
- to develop the cooperation and increase the sense of unity between communities;
- to improve the situation of public natural features and diversify recreational services;
- to increase the environmental sustainability of economic activities.
