Dissemination Report

In 30 September the Department of Image and Public Relations from Technical University of Cluj-Napoca has elaborated a press release which presents the RePCi WP5-ICP Project and the results of the first intensive week ([Annex 1](#); web: http://www.utcluj.ro/media/page_document/78/Proiect%20REPCI.pdf). After the press release we have been contacted and interviewed by the journalists of a local radio station – Radio Cluj (www.radiocluj.ro) and the regional televisions N24 Tv (www.n24plus.ro).

The interview for the local radio was broadcast in 30.09.2014, the recording is annexed to this report ([Annex 2](#)).

The video interview was broadcast in 04.10.2014, a recording of the show could be found at the web address: <http://www.digi24.ro/Stiri/Digi24/Gadget/Stiri/robotul+care+repara+tevi+inventie+studenti>.

Based on the TUCLUJ press release and the above interviews, different online papers have picked up the news and created articles that present the RePCi ICP Project, here are a few examples:
