Project Title: Reshaped Partnerships for Competitiveness and Innovation Potential in Mechanical Engineering

Partner P2: Technical University of Cluj-Napoca

Dissemination Report

In 25 June 2015, Lecturer Ciprian Lapusan participated to the 7th International Conference on Electronics, Computers and Artificial Intelligence (ECAI15). The conference was organized at University of S-E Europe “Lumina”, Bucharest, Romania.

During conference program Ciprian Lapusan presented the paper with the title: *Development of a multifunctional robotic arm for in-pipe robots* (Appendix 1) at the section: Workshop on Robotics, Mechatronics and Control. The paper describe the obtained results and good practices obtained from RePCI implementation and focus on presenting the concept of International Cooperation Project (ICP) (Wp5-Real life problem solving) and the obtained students results after implementing the Leon ICP 2014.

During the presentation representatives from other universities were present in the room: University of S-E Europe “Lumina”, University “Politehnica” Bucharest.

Bucharest, 25 June

Lecturer Ciprian LAPUSAN
