

Opinions of ICP-Participants

	<p>Name: Beuttenmueller Jasmin</p> <p>University: University of Esslingen</p> <p>It was great that such a project was offered and even greater that I got the opportunity to join. As soon as I heard about it I immediately took the chance and applied. The main reason for my application was that nowadays intercultural communication is essential! Communicating with people from other countries, with different mentalities and foreign languages becomes more and more important. I also learned that within project work it is important to be prepared for changes, to stay flexible and always motivated.</p> <p>To sum up: Great experience, from which I learned a lot! I would join anytime again.</p>
	<p>Name: Ruder Michael</p> <p>University: University of Esslingen</p> <p>Through participation and cooperation in this international project collaboration with the Technical University of Cluj, I learned a lot about my personal and professional development. Getting to know about the cultural differences in addition to the team work with the students were great experiences that left me with a very good impression. In short, it was a great way to gain new experiences and educate oneself personally as well as professionally.</p>
	<p>Name: Michael Gonser</p> <p>University: University of Esslingen</p> <p>Great project to collect international project experience and to learn how to deal with different ways of working. Every student should have the opportunity to participate on this IC project because it is not only a great experience, but also very well for potential employers!</p>
	<p>Name: Simon Steimer</p> <p>University: University of Esslingen</p> <p>I've met a new unknown land, his manners on the learning level and his gestures. I've had an opportunity through this cooperation to improve and strength my English skills. In this Project I've learn how to deal with Problem and to solve them. You get to know new people as well as personal contact with different ICP supervisors.</p>

Name: Prof. Dr. Ing. Dipl.-Ing. Horts Haberhauer

University: University of Esslingen

The International Cooperation Project (ICP) is a perfect opportunity for students to collect international experience. They work in real projects with students from different disciplines and countries. Beside the working environment they learn a lot of culture, too. For companies is the ICP a perfect opportunity to learn motivated students as potential future employees and to get problem solving and new ideas.
