

Hiilineutraaliksi biopohjaisten muovien avulla

Johnny Pehkonen, Brightplus Oy

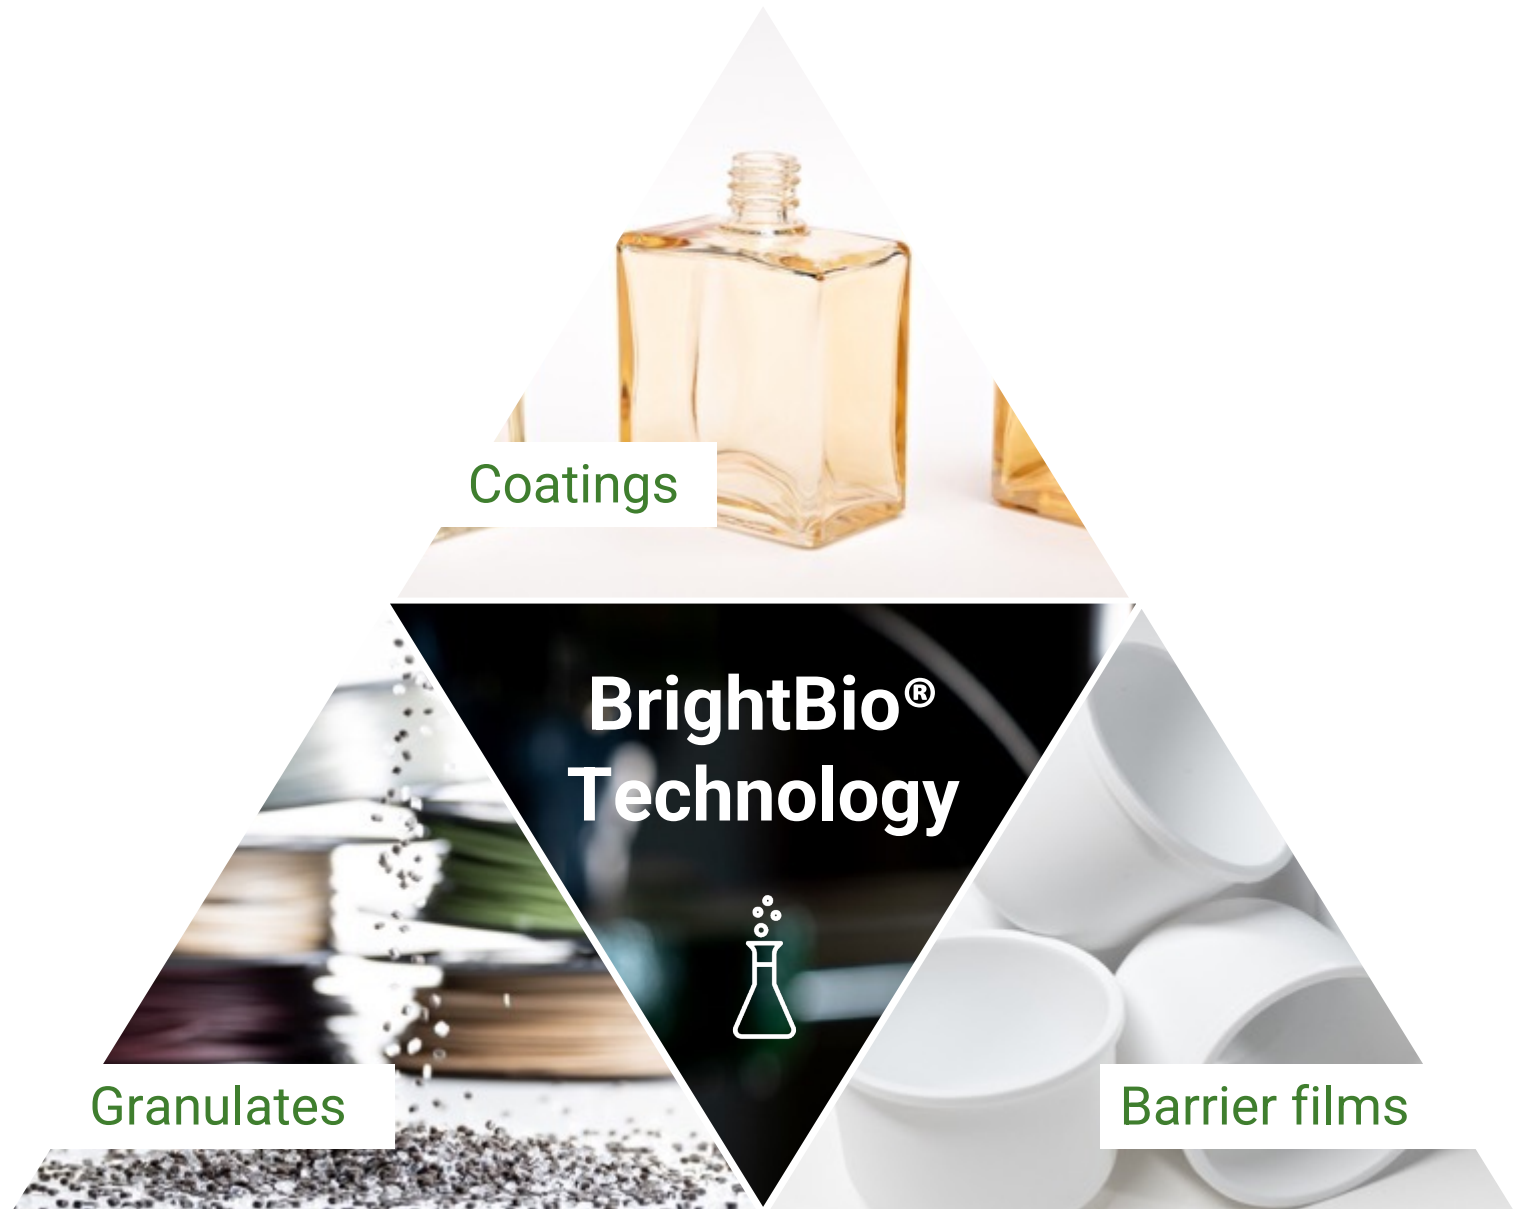

BrightBio®

Patented BrightBio® technology

Green chemistry recipe bank behind each product platform

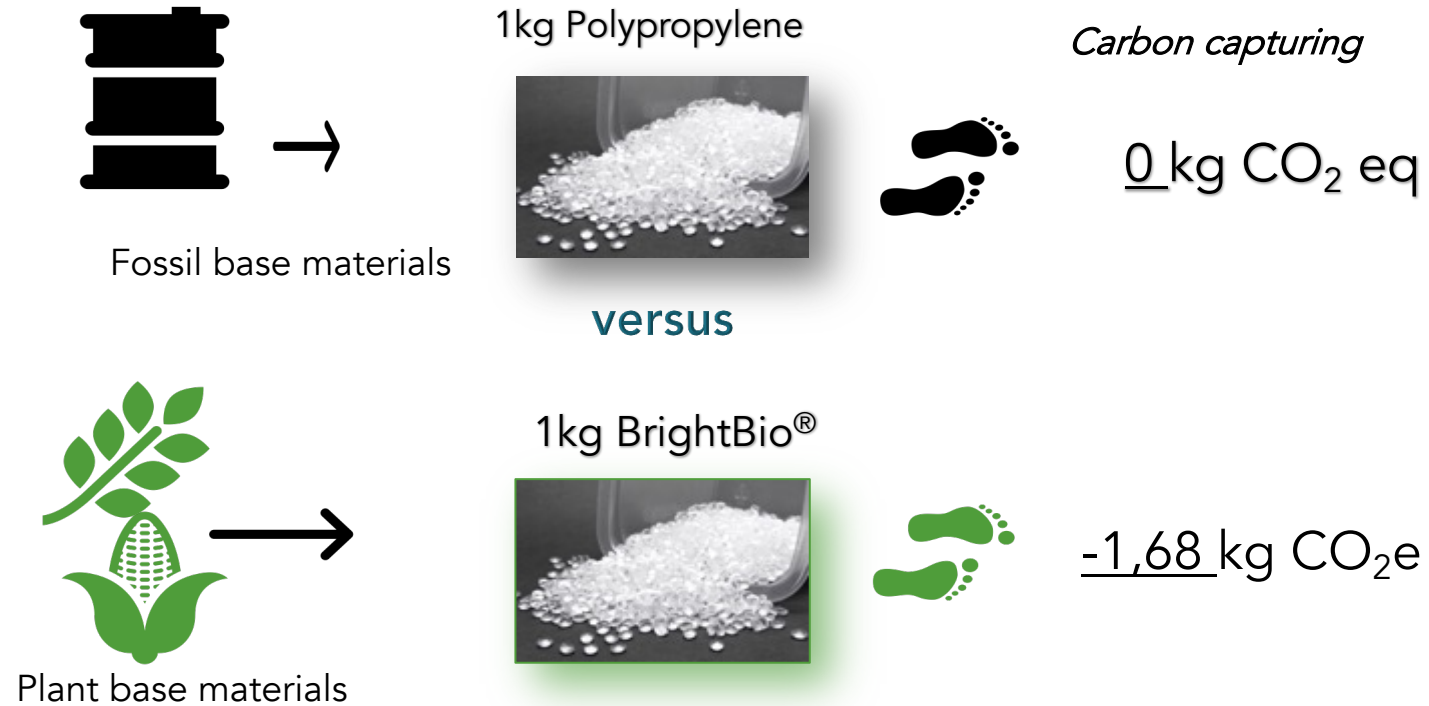

Agriculture

- Soy bean processing side stream
- Functionality:
 - Moisture resistance
 - Controlled biodegradability
 - Bio ash fertilizer
 - Microplastic free

Carbon capture with BrightBio®

Comparison between fossil-based and renewable sources

Example agricultural products

- Commercial biobased materials
- Side-stream: Bio-ash
- BrightBio® component
