COMPETENCES AND MEGATRENDS IN DIGITAL REHABILITATION – ONLINE SEMINAR

**6.4.2022
9-11 AM (CET)**

“Competences for the new era of user-driven digital rehabilitation” (DIRENE) -project is aiming to advance digital competences of teachers, students and professionals in the field of rehabilitation.

In the first year of this Erasmus+ -funded project, the multinational and multidisciplinary project team has identified key megatrends in digital rehabilitation and developed a framework for the knowledge gaps and continuing learning needs of teachers, students and professionals.

In the seminar you will hear the first findings of the project and learn:

- What are the megatrends in digital rehabilitation? Prof. Dr. Christian Grüneberg and Angela Arntz from University of Health Bochum
- What are the learning needs? Dr. Inmaculada Riquelme Agulló from University of Balearic Island
- What kind of pedagogical use cases have been identified? FH-Prof. Anita Kidritsch and Mag. Dr. Christian Freisleben-Teutsher from St.Pölten University of Applied Sciences

[Register here no later than April 2nd, 2022!](#)

You can participate either remotely (zoom link will be send to you email) or by coming on site in JAMK campus
